ACTION REQUESTED

Approve Revisions to the Classified Management Salary Schedule

BACKGROUND INFORMATION

The Classified Management Salary Schedule has been revised to include two new positions. These positions are Manager and Assistant Manager of Tahoe Truckee Media Services.

An additional revision is a change to Range for the Director of Transportation. On October 21, 2015, the Board approved changes to the Classified Management Salary Schedule which included restructuring of the salary to include monthly mileage pursuant to STRS Regulations, 5CCR 27400, which allowed for this restructure. These changes affected all Classified Management Director positions except for the Director of Transportation. At that time the Director of Transportation was provided with a district vehicle to use for district business. The district has not been able to provide a district vehicle for the Director of Transportation's use, therefore the revised salary schedule places the Director of Transportation position at Range 101, in line with the other the other Classified Management Director positions.
